

## Activity: Pass it on to your neighbour cards

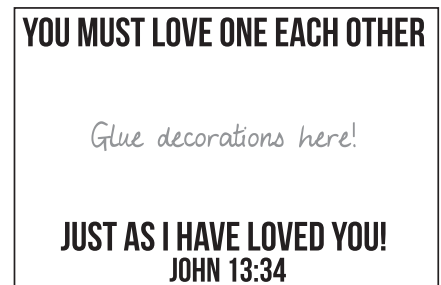

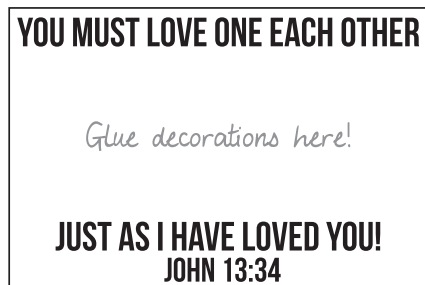

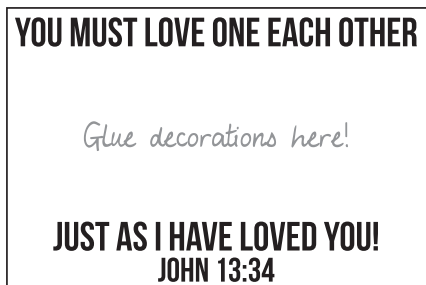

**You will need:** card, the template, pens and crayons etc to decorate

**Preparation:** for younger children, you may want to prepare the cards for them and just let them decorate them

**What to do:** Give each child a set of nine memory cards to decorate, and a piece of coloured card. Glue the sheet to the card. Then decorate the nine cards (see the suggestions below).

Cut out the individual cards. Let the children keep three each: One for themselves, and two for friends. Get them to give the rest to you, the leader.

Depending on the structure of your church service, the cards you have collected that the children decorated can be given out to the adult congregation, either in the service, or as they leave the service, or at morning tea.
