

Activity: Pop-up Lazarus

What you need: a copy of the template, two pieces of A4 card per child, glue or double sided tape, felts and crayons for decorating, scissors

Preparation For younger children, pre-cut the template pieces

What to do:

- Glue the template to one of the pieces of cardboard.
- Cut out the pieces, including the slots on Lazarus, the stone and the tomb and the long rectangle.
- Fold all the flaps on Lazarus, the stone and the tomb and the rectangle.
- Take the other piece of A4 card and fold it in half and then open it up.
- Take the rectangle and apply either glue or double sided tape to the two ends as shown.
- Matching up the dotted line on the rectangle with the centre fold of the A4 card, stick down the two ends. You should be able to close the card flat, and when you open it, a box should be created by the now stuck down rectangle.
- Next, apply glue or double sided tape to the flaps on the bottom of the tomb, the stone and Lazarus.
- Slot and stick down each piece as shown starting with the tomb in the back slot, the stone next and then Lazarus at the front.
- Finally, glue or tape Jesus to the front of the rectangle as shown.
- Close the card and glue the bible reference title to the front.
- Don't forget to decorate!!
